Message:

The Congressional Map is a partisan power grab that fails to accurately reflect the 2020 Census data that shows 95 percent of Texas's population growth came from people of color and was centered in urban and suburban communities.

Texas legislators failed to create a single competitive seat across 38 districts.

Despite the fact that the growth in Texas came almost entirely from people of color, the map actually increases the number of majority-white districts.

The votes from the cities and suburbs of and around El Paso, San Antonio, Austin, Houston, and Dallas-Fort Worth are drastically diluted.
