Message:

My wife and I do not have many more years to influence the political situation in Texas, since we are both 91 years old. However, we have lived in far north Dallas for 49 years and have always felt that we could depend upon our representatives to have our best interests at heart.

Now, that condition seems about to change. The gerrymandering about to occur will radically change the situation. We implore whoever has any influence to prevent this catastrophe from occurring.
