Message:

The latest redistricting proposal from the legislature is incredibly worrying and shows a blatant attempt to manipulate voting blocks for strategic gains. In the latest version, the vast majority of Denton residents would find themselves sharing a representative with Amarillo, Wichita Falls, and vast stretches of the Panhandle; areas that have little in common with Denton and Denton county. It would make it exponentially more difficult for our municipal leaders to have a meaningful connection with our congressperson. It will hurt constituent services for us. As a resident of Denton, I **STRONGLY** oppose this redistricting effort and call **SHAME ON YOU** to anyone trying to pass this off as a practical and non-partisan effort.
