Affirm public info: I agree

Regarding: Senate

Message:

i appreciate the opportunity to comment on the redistricting plans.

The 2020 census indicates that the number of Black, Hispanic, and Asian citizens in the state of Texas has increased substantially since 2010. In fact, more than 90 percent of the increase in population is among these groups. Yet the number of Senate districts that serve these populations in the redistricting plan has not gone up at all. The people of Texas should have a state senate that represents them. Please adjust the maps to more fairly represent all Texans not just the ones who hold office now.

Thank you.
