**Message:**

I am writing to express my concern around the redistricting process taking place in a partisan, unfair way that would be detrimental to all Texans. If possible, I believe the redistricting should be done by an independent, non-partisan, committee ideally made up of experts in the appropriate areas. Historically, Texas has had legal issues surrounding their redistricting, being accused of gerrymandering and even having lawsuits that have been pushed all the way to the US Supreme Court. To prevent these extremely costly lawsuits and engage in fiscal responsibility, I urge this committee to utilize the best independent resources and experts to create the new district maps for Texas.
