Message:

Dear Senate, I am a new resident of Texas and I am concerned about the Redistricting issues that I have been reading about. I do not want an independent commission to represent me. I believe an individual who knows specifics, in the area that they represent, will better serve my needs and the needs of the people in the district with have the same interest and values. I am not in favor of a process that pushes the decision to a judge or court that has no interest or understands the values and interest in a particular district. Do you really think they care about my district?
