Affirm public info: I agree

Regarding: Congressional

Message:

In the new redistricting for the additional congressional seats added due to population changes in Texas, our area have far more in common with the 2nd and 29th districts than with the 36th. We are a suburban area lumped into a rural district with little in common and we politically have a non disproportional say in our wants and needs. We would be better served in district 29 or even district 2.
