Regarding: Senate

Message:

As a resident of Hays County I would like to propose the formation of a bipartisan Redistricting Committee made up of equal numbers of Republicans, Democrats and Independents. This could help improve the representation of all groups and interests in this state. There is much to be addressed in the coming years including Climatic changes, improved health care, the need for clean and available energy, water conservation, affordable housing and infrastructure. By developing a non partisan committee we will have the opportunity to form districts that are more responsive to needs of communities within district boundaries, and make their respective representatives more within reach.
