Message:

To the Chairwoman and Committee Members: I'm writing to represent myself, against SB375. I was disappointed to hear that this Senate Redistricting Committee was taking public input despite publicly confirming that the same maps will be "ratified." The concerns of your constituents in Texas on these maps should be taken seriously, rather than just a box to check. I'm attaching as reference my previous public comments on the Senate maps, in addition to the House. I urge you to consider new maps and an actual fair and open process that truly takes into account public input and reflects the diversity of the state. Thank you.
