Affirm public info: I agree

Regarding: Senate

Message:

Gerrymandering has diminished our community's ability to be represented in a fair way for two reasons. Our community of Denton is growing rapidly and the census will be out of date in a few years. The representation of all people will make it a better place to live for all.

The shifting population needs to be addressed. The confusing boundaries make it difficult to understand issues concerning parts of the district that are far away and have different problems to deal with. Please do not make gerrymandered districts permanent.
